

## Continuum

Continuum eliminates software obsolescence by guaranteeing the performance and rich features set of C5G products, now and into the future.

This annual subscription program ensures that C5G software is kept up-to-date, and that the license is transferable to new or upgraded hardware and operating systems.

The first year of Continuum is included with [CloudMax](#) and [ClientMax](#) purchases. The subscription is renewable on the anniversary date of the original license purchase.
